

AIRSTREAM® Interstate 19GT

2026 TOURING COACHES

About Interstate 19GT

Nimble and easy to maneuver, the Airstream Interstate 19GT packs a lot into its small footprint. This motorized Airstream features all the quality, hand-made craftsmanship you expect, packed into the powerful, dependable 19-foot Mercedes-Benz Sprinter van chassis. Perfect for an urban adventure, hitting the road for a weeks-long road trip, or even as a daily driver for heading across town, Interstate 19GT is versatile, functional, and gorgeous.

With belted seating positions for up to four passengers and sleeping space for two, Interstate 19GT is made for couples and solo travelers who put a premium on versatility. Easily navigate parking lots and slide into standard parking spaces. Grab groceries, take the kids to the weekend soccer tournament (and bring along a bathroom and kitchen!), or hit the road to check off some bucket list destinations. As at home in the campsite as it is in the driveway, Interstate 19GT delivers exceptional quality, expert use of space, and all the comforts of home – no matter where you take it.

Chilled essentials and pantry favorites store perfectly for every journey

Incredible ease of entry with a push-button sliding door

Cockpit with advanced in-dash technology, power seats, and more

When it comes to safety and security, Interstate 19GT has you covered with every available safety and performance feature offered by Mercedes-Benz® included as standard – not upgrade options. Once you arrive at your destination, conveniences like a full kitchen, an onboard bathroom, charging stations, and a flat screen TV let you enjoy your time in comfort and style. Prepare snacks and drinks on solid surface countertops in the galley. Store accessories in the European-style curved cabinetry. Relax on plush, easy-to-clean Ultraleather® seating surfaces. No matter where you turn, the Interstate 19GT is ready to impress.

Floor Plan

At just 19 feet, no space is wasted. The powered sofa and side seats convert to a bed with the push of a button, making it easy to slide from an afternoon of reading and catching up on emails to an evening of rest and relaxation. Powered functions extend throughout the interior, with a multiplex control and monitoring system that lets you raise and lower the shades, control interior lighting, and extend the awning from the touchscreen interface.

After a day of hiking or exploring, come back to a spacious, European-style wet bath that neatly houses a sink, shower, and toilet. Every inch of space is designed to get wet, and every function is smart and efficient: The showerhead doubles as the faucet, the mirror extends and swivels, and there's a totally waterproof toilet paper cover.

Exterior Features

Built on the powerful performance of the legendary Mercedes-Benz Sprinter van chassis, the Interstate 19GT is packed with exterior features that prioritize entertaining, camping, and enjoying the outdoors. The sliding door automatically opens, and a powered step extends for easy entrance. With the new Advanced Power System, roof-mounted solar panels, and upgraded components, you'll have all the power you need to confidently take on the road ahead.

1 250 watts of solar panels on the roof harvest the free, abundant power of the sun.

2 The powered awning extends and retracts at the push of a button.

3 The standard Advanced Power Package combines a powerful battery system with a convenient single-fuel-source heating and hot water system.

4 Refined new grille adds subtle sophistication to familiar Airstream styling

5 Safety sensors positioned around the exterior of the coach give you comprehensive situational awareness.

6 Mercedes-Benz performance under the hood is anchored by a powerful and efficient diesel engine.

Why You'll Love It

If your idea of adventure strays into urban environments and concrete jungles, Interstate 19GT is made for your travel style. At home in the campsite as well as on the curb, Interstate 19GT is one of our most versatile motorized camper vans.

Nimble steering and a shorter wheel base make Interstate 19GT easy to maneuver through busy streets and crowded parking lots. And it fits into most standard parking spaces.

The smaller footprint means an ultra-efficient interior use of space – but spares none of the features or amenities you want out of your Airstream.

Even while you bring along all the comforts of home, this 19-foot touring coach isn't much bigger than many SUVs and handles like your daily driver. Pick up the kids, head across town to the grocery, or set off on the adventure of a lifetime.

How It's Made

Each Mercedes-Benz® Sprinter van chassis arrives in Jackson Center, Ohio fully loaded with safety and security features and one of the most powerful and dependable engines under the hood. Our expert craftspeople add external features like RV windows, vents, air conditioners, awnings, and undercarriage features like holding tanks and batteries. Standard seats are removed and re-upholstered with plush Ultraleather, while the interior is outfitted with electrical wiring harnesses, plumbing, and insulation. We hand-craft every cabinet and storage locker in our woodshop, which are then installed alongside showers, beds, tables, and kitchen appliances. Every Airstream touring coach is put through an extensive water check to ensure there are no leaks before quality inspection teams test every component, system, and function before it goes out the door to a customer.

Schedule a factory tour

1 Interiors are outfitted with electrical, plumbing, and insulation.

2 Seating is upholstered in-house with Ultraleather fabric.

3 Cabinetry and furniture is handcrafted and expertly installed.

4 Every coach is put through a water check to ensure it is watertight.
